

Educational Qualification			
Qualification	Institute	CGPA / %	Year
B.Tech (MCE)	Delhi Technological University (DTU), Delhi	8.81 (Till Sem 7)	2022-26
XII, CBSE	Little Flowers Public Sr. Sec. School, Delhi	94.4%	2022
X, CBSE	Little Flowers Public Sr. Sec. School, Delhi	97%	2020

Projects / Internships	
Bain & Company — Capability Network AI Engineer (Intern)	
- Built a benchmarking agent that autonomously selects KPIs, computes sample sizes, and returns structured outputs - replacing a manual analyst workflow, improving efficiency by 20% - Designed multi-step agentic pipelines using LangChain + LangGraph; agent handles tool selection, API orchestration, and graceful fallbacks without human intervention - Built a slides-to-answers RAG system end-to-end: ingested 100+ decks, chunked & embedded content, implemented hybrid retrieval with metadata filters and re-ranking - significantly reducing hallucinations in generated responses - Automated survey update workflows (X-Ray agent) that previously required manual slide edits; output delivered as client-ready ThinkCell PPTs directly from structured data - Hardened AI service reliability for production through async I/O, response caching, retry / fallback logic, and latency / cost monitoring; added lightweight evaluation hooks to track agent quality (groundedness, relevance) over time	Jan 2026-Present
Gen AI Intern, Indian Oil Corporation Limited (IOCL)	
- Supported development of a document summarization RAG system for querying and synthesizing internal documents, enabling faster extraction of key insights from large unstructured datasets - Implemented data preprocessing pipelines and chunking for long-form text, improving context preservation - Worked with prompt engineering and output evaluation frameworks to optimize summary coherence, relevance, and factual consistency across diverse document types - Worked on FastAPI-based backend development along with vector-based retrieval systems, with structured logging and guardrails	2025 (2 Months)
SDE Intern, PowerGrid	
- Developed a full-stack file-sharing web application using React, Node.js, Express, and MongoDB - Designed the backend using the MVC architecture, incorporating Multer for file handling, Mongoose for MongoDB interaction, and CORS for frontend-backend integration	2024 (3 Months)
Full-Stack MERN Chat App with Video Calling	
- Developed a real-time chat & video calling app using MongoDB, Express, React, and Node.js, deployed on Render - Integrated Stream SDK for scalable messaging, video calls, JWT-based authentication and secure password hashing - Used React Query and Zustand for efficient server state management and dynamic theming with 32 UI themes - Followed MVC architecture, modularized backend routes, ensured responsive UI with Tailwind + Daisy UI	2025

Technical Skills	
AI / GenAI	RAG (hybrid retrieval, re-ranking, metadata filters), Multi-Agent Pipelines, LangChain, LangGraph, LangSmith, Prompt & Context Engineering, Embeddings, Vector Search, Function / Tool Calling, MCP (Model Context Protocol), Token Optimization, GPT-4o / OpenAI / Anthropic APIs
Reliability & Eval	Async LLM Calls, Response Caching, Retry / Fallback, Circuit Breakers, Latency & Cost Monitoring, Eval Frameworks, LLM-as-Judge, Guardrails, Prompt Injection Defenses, PII Handling, Audit Trail
Vector & Data	FAISS, Pinecone (basics), Chunking Strategies, MongoDB, PostgreSQL, MySQL
Backend & APIs	Python, FastAPI, Node.js, Express.js, REST APIs, Microservices, JWT, Webhooks, Multer, Mongoose, CORS
Languages	Python, JavaScript, C++, C, SQL
Frontend & Tools	React.js, Vite, Tailwind CSS, Daisy UI, Git, GitHub, Postman, VS Code, Render, Docker (basics)

Co-Curricular & Academic Achievements		
Board Topper	CBSE All India Mathematics Topper for Class 10 & 12, All India Chemistry Topper for Class 12	2020, 2022
Data Structures	Solved 500+ Data Structures & Algorithms problems across platforms, achieving Knight (2011) on LeetCode while strengthening problem-solving skills and core CS fundamentals	2023-Present
Web Dev Club	Led the club's web initiatives, redesigning the site to improve UX and increase event sign-ups	2023-25
Chess Club	Achieved a 1900 rating and won 10+ inter-college chess tournaments, ranking among top players	2022-25

Interests			
Chess	Table Tennis	Travelling	Sketching
